- **Tree Plantation done by Staff and Students**

K.K.Wagh Women’s Polytechnic has organized Tree plantation program for Second year and students on 23rd June 2016. Trees are important, necessary and valuable to our very existence. It's not too hard to believe that without trees we humans would not exist on this beautiful planet. Unfortunately, our need for trees is more than ever. While science and technology has provided us with many comforts, the consequent urbanization and

industrialization also has had some undesired side-effects; Global Warming being one of those. The department has identified this problem and has associated itself with this case. Thereby, the department conducts a plantation drive from this year. This program served the dual purpose of education and entertainment for the students besides also contributing to the welfare of nature
