- **Seminar on "Robotics."**

Mr. Ravi Bhati giving seminar on "Robotics"

- Department of Electronics and Telecommunication Engineering had arranged a seminar on Robotics on 03rd October 2013 for Second year and Third year students. Mr. Ravi Bhati was the speaker. He is currently working as Design and Development Engineer at Auto cop India Pvt. Ltd., Nashik. Robotics is the branch of technology that deals with the design, construction, operation, and application of robots as well as computer systems for their control, sensory feedback, and information processing. These technologies deal with automated machines that can take the place of humans in dangerous environments or manufacturing processes. Mr. Bhati explained the students about the importance of Robotics in our life as well as in various fields. Also he gave information about different opportunities in this field.

- Seminar on 'Yoga, Meditation, Reiki'

Mrs.Meena Joshi Delivering the Seminar on 'Yoga Meditation and Reiki'

The Information Technology Department has organized a seminar on 'Yoga Meditation and Reiki' on 1st October 2013 for the students of Second and Third Year. Mrs.Meena Joshi (Trainer) was invited for the talk. She guided the students regarding the various techniques of meditation and yoga that can be practiced in daily routine to maintain good health. She also focused on what is reiki, its importance and how it can be used as a healing power. Also she spoke about the use of crystals for healing and its importance and how to maintain the balance between work, study and self-improvement. A small demo of tarot card reading was also given which was enjoyed a lot by the students.

Prof.Mrs.V.R.Khapli
